

# Red Hat Launches New Learning Subscription

JUN 21, 2016

*Red Hat Learning Subscription - Standard features unlimited access to Red Hat's online training content and certification exams*

RALEIGH, N.C.--(BUSINESS WIRE)-- Red Hat, Inc. (NYSE: RHT), the world's leading provider of open source solutions, today announced Red Hat Learning Subscription - Standard, a new learning subscription tier featuring unlimited access to Red Hat's full portfolio of online training content and certification exams. Delivered through a combination of online courses, videos, hands-on labs, and expert seminars, the Red Hat Learning Subscription - Standard is designed to help customers accelerate the speed and ease of on-boarding new staff and the adoption of new releases, and access a full learning path leading to certification. The new features of the Standard tier of the learning subscription include expert seminars, instructor office hours, and access to certification exams.

Red Hat Learning Subscription - Standard provides access to learning options across a variety of categories including platform, cloud, virtualization, middleware, and storage solutions. During the subscription time frame, subscribers gain immediate access to all new course content and expert seminars published by Red Hat Training. Red Hat is providing a 50 percent discount for the Red Hat Learning Subscription - Standard as an exclusive benefit to current Red Hat Certified Architects (RHCA).

Red Hat has delivered training on open source technologies for more than 17 years. Customers choose Red Hat Training for its extensive experience delivering high-quality training experiences, its global scale and availability, and the depth and accuracy of its curriculum and certification programs.

## Supporting Quotes

*Ken Goetz, vice president, Worldwide Training, Red Hat*

"Continuous learning strategies like those made possible through the Red Hat Learning Subscription (RHLS), can better enable CIOs to address skills gaps stemming from the rapid pace of technological change. By incorporating the opportunity for students to earn certification and learn directly from expert technologists, this new Standard tier of RHLS builds upon our popular Basic subscription to give IT professionals even more choices to keep up and stay ahead."

## Forward-Looking Statements

Certain statements contained in this press release may constitute "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. Forward-looking statements provide current expectations of future events based on certain assumptions and include any statement that does not directly relate to any historical or current fact. Actual results may differ materially from those indicated by such forward-looking statements as a result of various important factors, including: risks related to the ability of the Company to compete effectively; the ability to deliver and stimulate demand for new products and technological innovations on a timely basis; delays or reductions in information technology spending; the integration of acquisitions and the ability to market successfully acquired technologies and products; the effects of industry consolidation; uncertainty and adverse results in litigation and related settlements; the inability to adequately protect Company intellectual property and the potential for infringement or breach of license claims of or relating to third party intellectual property; risks related to data and information security vulnerabilities; ineffective management of, and control over, the Company's growth and international operations; fluctuations in exchange rates; and changes in and

a dependence on key personnel, as well as other factors contained in our most recent Annual Report on Form 10-K (copies of which may be accessed through the Securities and Exchange Commission's website at <http://www.sec.gov>), including those found therein under the captions "Risk Factors" and "Management's Discussion and Analysis of Financial Condition and Results of Operations". In addition to these factors, actual future performance, outcomes, and results may differ materially because of more general factors including (without limitation) general industry and market conditions and growth rates, economic and political conditions, governmental and public policy changes and the impact of natural disasters such as earthquakes and floods. The forward-looking statements included in this press release represent the Company's views as of the date of this press release and these views could change. However, while the Company may elect to update these forward-looking statements at some point in the future, the Company specifically disclaims any obligation to do so. These forward-looking statements should not be relied upon as representing the Company's views as of any date subsequent to the date of this press release.
