

Media Alert: Red Hat CEO Jim Whitehurst to Deliver Keynote at HR Tech Conference

OCT 21, 2015

RALEIGH, N.C.--(BUSINESS WIRE)-- Red Hat, Inc. (NYSE: RHT), the world's leading provider of open source solutions, today announced that Red Hat President and CEO Jim Whitehurst will be speaking at the [HR Tech Conference](#) currently underway in Las Vegas.

Jim will deliver the closing keynote today Wednesday, Oct. 21, 2015, at 8 a.m. PDT. The session, titled *Unleashing the Power of Openness* will draw from the themes in Jim's book, *The Open Organization: Igniting Passion and Performance*. From his years leading vertical organizations and managing Red Hat, Jim has experienced a full spectrum of corporate structures. He understands why open organizations based on transparency, participation and community are at the forefront of revolutionizing the way businesses operate and why they stay a step ahead of the competition. Jim will share candid advice about configuring and leading an open organization in today's fast-paced, highly-connected environment.

The HR Tech Conference is the world's biggest HR conference. The conference focuses on the business process and organizational success enabled by technology and covers trends including SaaS, cloud computing, social, mobile, analytics, video, gamification, big data and MOOCs - as well as more traditional technologies and processes.

Forward-Looking Statements

Certain statements contained in this press release may constitute "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. Forward-looking statements provide current expectations of future events based on certain assumptions and include any statement that does not directly relate to any historical or current fact. Actual results may differ materially from those indicated by such forward-looking statements as a result of various important factors, including: risks related to the ability of the Company to compete effectively; the ability to deliver and stimulate demand for new products and technological innovations on a timely basis; delays or reductions in information technology spending; the effects of industry consolidation; the integration of acquisitions and the ability to market successfully acquired technologies and products; uncertainty and adverse results in litigation and related settlements; the inability to adequately protect Company intellectual property and the potential for infringement or breach of license claims of or relating to third party intellectual property; risks related to data and information security vulnerabilities; ineffective management of, and control over, the Company's growth and international operations; fluctuations in exchange rates; and changes in and a dependence on key personnel, as well as other factors contained in our most recent Quarterly Report on Form 10-Q (copies of which may be accessed through the Securities and Exchange Commission's website at <http://www.sec.gov>), including those found therein under the captions "Risk Factors" and "Management's Discussion and Analysis of Financial Condition and Results of Operations". In addition to these factors, actual future performance, outcomes, and results may differ materially because of more general factors including (without limitation) general industry and market conditions and growth rates, economic and political conditions, governmental and public policy changes and the impact of natural disasters such as earthquakes and floods. The forward-looking statements included in this press release represent the Company's views as of the date of this press release and these views could change. However, while the Company may elect to update these forward-looking statements at some point in the future, the Company specifically disclaims any obligation to do so. These forward-looking statements should not be relied upon as representing the Company's views as of any date subsequent to the date of this press release.
